FINANCE, ACCOUNTING & BUDGETING

Financial Accounting Reporting in Oil and Gas

Evaluating Financial and Strategic Issues Facing the Oil & Gas Industry

SECTOR	FORMATS	FEE FROM	2027 SESSIONS
Finance, Accounting & Budgeting	5 days & 2 weeks	US$ 2,100	3

OVERVIEW

About this course

This Seya Capital Financial Accounting, Reporting & Business Support in the Oil and Gas Industry training course provides you with up-to-date financial knowledge and skills through the evaluation of the strategic issues and challenges facing the industry. It explores the internationally accepted accounting methods and techniques used in the oil and gas sector to report costs, asset values, and profit, together with techniques for financial evaluation. You will also examine the latest risk management techniques, enabling you to manage and control oil price, exchange rate, and interest rate volatility using derivatives.

In addition, the course explores project management techniques, and is designed to develop and enhance your skills and knowledge of this unique industry.

This training course will feature:

— An analysis of the major strategic issues affecting the oil and gas industry

Key financial accounting methods and techniques, including the latest IFRS relating to sustainability and presentation, to be enacted January 2027

An analysis of joint venture and production-sharing agreements

The latest risk management techniques

The latest project management techniques

METHODOLOGY

How you will learn

This training course draws on a variety of proven techniques to ensure maximum understanding, comprehension, and retention of the material presented. It is highly interactive, involving delegates in discussion and in the analysis of case studies and exercises which, where appropriate, include real issues brought to the workshop by delegates.

IMPACT

The return on learning

For your organisation

- An in-depth knowledge of the finance and accounting issues facing their organisation
- The knowledge and skills to prepare accounts in accordance with IFRS
- The ability to evaluate the impact of major IFRS
- Skills to evaluate performance and recommend actions to improve performance
- An awareness of risk and the tools and techniques to manage it effectively
- The ability to work independently and as valuable team members

For you

- A better understanding of the context and importance of the work they do
- Improved knowledge and skills to enhance their effectiveness
- The ability to evaluate, analyse, and recommend action
- Increased self-confidence and motivation at work
- Greater job satisfaction in providing quality support to management
- Greater ability to supervise, develop, and motivate colleagues

CERTIFICATION

Seya Capital certificate

Upon successful completion of the classroom-based training course, a Seya Capital Certificate will be awarded to delegates.

Upon successful completion of the online training course, a Seya Capital Certificate will be awarded to all delegates. Guided Learning Hours are awarded in accordance with ISO 9001:2015.
